As a hardworking and ambitious engineer with a great passion for manufacturing products and conserving the environment, I am able to adapt to any circumstances and give all the best of me in any project, giving at the same time all my effort in promoting teamwork and values such as companionship.

Having completed my undergraduate studies, I would like to be part of a company where I can apply all the knowledge I learned throughout my studies and develop as a professional.

Education

B.S. Chemical Engineering

2016 - 2020

Universidad del Valle de Guatemala, Guatemala City

M.S. Energy Business Management

2021 - present

Universidad del Valle de Guatemala, Guatemala City

Achievements

- ◆ Member of the Chemical Engineering Association in *Universidad del Valle de Guatemala* in 2018
- ◆ Academic Distinction in 2018
- ◆ Academic Mention in 2019 and 2020

Practice experience

Laboratory assistant at Global Textiles

2018 – 2018

Guatemala City, Guatemala

I had the opportunity to learn the textile process from spinning the cotton to packing the fabric.

My project focused on personal security, elaborating the safety data sheets of the dyes and the chemical auxiliaries. In addition, working in the control area, I had the opportunity to learn that the customers' need must always be met no matter what happens in production and that it requires teamwork.

Skills

- ◆ Microsoft Word
- ◆ Microsoft Excel
- ◆ Power Point
- ◆ Auto Cad
